FOREWORD

The time has come,
The Walrus said,
To talk of other things--
Of basketball and circuses,
Of plays and diamond rings.

Have you ever wished you might look into a mirror and suddenly be taken years into the past? Let's suppose that several years from now, you open this book and then as if you stepped through a looking glass you are transported back to the halls of G. H. S.

As you turn the pages, you live again your educational, social, athletic and dramatic accomplishments--the friendships and happiness of your high school years crowd your mind.

These memories will always be a part of you as you step into the world and into your future.

We, the staff of the '52 Conocheague, wish to thank the Walt Disney Studio for their permission to use scenes and ideas from their movie "Alice In Wonderland" and also for the actual Photographs which have helped us to make this year's yearbook a bigger and better production.

Remember?

ADMINISTRATION

"In A World of Their Own"

Many times faculty members of G. H. S. have looked at their pupils and wished that they would come back from their "own private world" into the one of Latin verbs, ancient history, French declensions, and chemistry equations.

These instructors are the ones who have patiently guided us through the "Wonderland" of our high school life. Looking back to their pictures we say, "Thanks for that very good advice which, although we didn't always follow, helped build our futures."

CLASS HISTORY

REMEMBER G. H. S.

There is no tribute too great,
There is no honor too glorious,
To accord to our dear school
We so proudly call our Alma Mater.

Each busy year has passed,
More quickly than we wished,
Yet naught has ever dimmed
Our love for Greencastle High.

Fifty-three now remain,
At G. H. S. to say good-bye,
We will always honor
"Today we launch; Tomorrow we anchor."

By Mary Jane Bear

The first two years of our hign school days have almost passed on into oblivion, but looking back, we can recall more vividlymemories of our last two years as upper classmen.

At the beginning of our junior year we elected the following officers: Max Stenger, James Stenger, Joanne Brewbaker, and Ronald Goetz. Another great moment was writing our class song. Fourteen members of the class got together and wrote it to the tune of "Mr. Touchdown, U.S.A." Do you remember the excitement and thrill when we received our class rings on March 15? Looking back on our junior play "LOVE YOUR NEIGHBOR," which was presented on April 5th and 6th under the direction of Mrs. Lehman, we still have to chuckle, recalling some of the good times we had together. Do you remember May 17 when we journeyed to Gettysburg and toured the battlefield? Many interesting pictures were taken and we all had a wonderful time. As our Junior year comes to an end, we will keep chasing the white rabbit until we reach the senior class.

Looking back to September 4, we see fifty-three of us who are at last high and mighty Seniors. We elected the following officers to carry us through our last year at G.H.S.: Max Stenger, James Stenger, Lorraine Metcalf and Ruth Keckler. Doroty Helmuth and Eddie Smith represented us on the Student Council.

Do you remember the handsome men and tne crowded mirrors on October 17 when Colao Studio took our class pictures?

On December 6 and 7, we presented our senior play "RIDDLE ME RICHES". which was a success due to the direction of Mrs. Lehman. We will always remember dress rehearsal when the microphone wouldn't work. How could we ever forget it; but due to the keen minds and quick thinking of members of the cast, the incident was covered up without the audience's suspecting anything was wrong.

PROPHECY

As I gaze into the huge mirror in front of me, I recall the mirror which was used in the publication of my class's yearbook. Last night I again had the privilege of gazing into this famous looking-glass.

At once I saw Shirley "The Shape" Ambrose, standing in front of M-G-M movie camera. Also working on the set were Lorraine Metcalf, Betty Lesher, and Peggy Goetz, who were make-up artists.

Becoming more interested, I stepped into this mirror but to my amazement I found myself on a street in the downtown section of Greencastle. I turned around and noticed a sign which read, "Jalopy Used Cars", Frank Johnston, Prop. Imagine my surprise when I saw Fred Ferry polishing somebody's car along the street. He told me that he was getting publicity for his new garage. Later as I shook hands with the Hon. Eddie Smith, along came Peggy Myers, his chief vote-getter. Peg told me that he was running for State Senator again this year. His bill, on prohibiting doe season was recently passed by the legislature.

Feeling hungry, I went to the town's favorite restaurant operated by Coldsmith and Rock. I was served a tasty meal by the waitress, Lois Hartman. Suddenly, I heard a commotion outside. Chief of Police Shank caught Max Keckler for speeding. Joe's Ford and Constable Kennedy's Olds "88" couldn't catch the atomic convertible owned and operated by Joan Pensinger. She is on the loose again due to the fact that she just divorced her third husband.

Going inside the new school, I was greeted by Joanne Brewbaker P. D. Q., and Jane Walker, A. B. C., teachers of social studies. They told me they have a terrible time keeping Lois Lesher's children quiet in classrooms. Ruth Keckler was the new school nurse. Also working as secretaries in local business offices are Lois Heefner, Dot Helmuth, Delores Ommert, Norma Jean Bear and Dorothy Black.

I visited Max Stenger's Record Shop where I heard the latest record "Homesick Blues" by the Bonebrake Sisters, Patsy and Delores.

Walking on, I bought a newspaper at Rotz's newstand. The paper, THE WINDY BLAB, was published daily by the former moonshiner of the Pine Hills, Harry T. Goetz. His chief reporter was Mary Lou Eshleman. Bob Walck, still a bachelor, was the sports editor. In the classified section an ad stated that Mick Biser had just lowered the rates on his bus service to Hagerstown. Some of the interesting news items were: Gerald Rock was elected President of the Greencastle Sportsman Association; Jim Stenger, B. S., is teaching Physical Education in Hagerstown High; Maynard Keckler's meat market business went bankrupt.

On the Science Page I saw in big letters across the top, "Earthling Returns from Moontrip." Below I read that Dr. Joe Zarger's stratospheric rocket ship finally came home after three years flight. He and Dr. Bob Crider disproved the theory that the moon is made of green cheese. Under birth announcements, I saw that Dale and Anna announced the birth of triplets. They asked Shirley Talhelm, head nurse, and Pauline Lindsay, assistant, to enlarge the nursery of the local hospital.

UNDERCLASSMEN

"All The Ways Are Your Ways"

Remember when you wanted something very much, and your mother or dad said, "Wait till you're older."

As year by year you grow both older in wisdom and stature here in G. H. S., you approach that long awaited door of your senior year.

When you at last turn the knob and step through the entrance to the superiority of upper-classmen, look back and remember those years of fun, happiness, and impatience it took to get where you are. That last year will be all the better for the waiting, you'll see.

CLASS HISTORY

Our first two years of high school were not forgotten, but as we returned to G.H.S. on September 4, we felt superior, having finally become upper classmen.

Then on October 3, we selected our class colors; there were many disappointments, but they were soon forgotten in the excitement of choosing the class ring. The ring committee was appointed, and after seeing the various rings, brought back samples. On October 13, the Junior Class went to the office and voted for their choice.

We will always remember October 23. On that day we voted for our hats and pennants. There was no difficulty deciding which pennant should fly for the Class of '53, but when the time came to select a hat, it was quite different. After voting six times, we finally selected the "Dink" as our official class hat. On December 5, we selected our flower and motto.

The various committees began preparing for the Christmas Party, which was scheduled for December 21. Because of Mother Nature's mischief the party was postponed until January 4. Nevertheless the party was a huge success.

Our long-awaited rings arrived on February 4. Now we are looking forward to presenting OUR MISS BROOKS. Of course we will also play the Junior-Senior Prom and help to make it a success, but our greatest expectation is for next year when we will be high and mighty Seniors.

"SOPHOMORE CLASS HISTORY"

Returning on September 4, 1951 to The Wonderland of G. H. S. we were less confused. We were no longer in the depths of Tugley-Wood Forest, and we no longer had to use signs in finding our way about.

At our first meeting, we elected the following officers:

President - Ronald Fisher
Vice President - Donald Clary
Secretary - Henrietta Goetz
Treasurer - Phyllis Hicks
Student Council - Russell Clever and Grace Bert

Our Sophomore Glee Club is making much progress under the direction of Miss Martin.

We are proud of the active part our boys and girls have taken in the world of sports. We are represented on the Varsity basketball team by Russell Clever and Dwaine Gipe; many of our boys are on the junior varsity. Lorraine Warren and Eilene Brown play on the girls' basketball team.

ACTIVITIES

"Twinkle twinkle little scholar
No wonder that your teachers holler,
As you wander through the hall,
Till your favorite club does call."

Dramatics, dancing, archery, cooking, teas, -- all these and many more activities make up the varied club period of G.H.S. There's fun and something of interest for each participant.

SOPHOMORE GLEE CLUB

"TWEEDLEDUM AND TWEEDLEDEE"

In the wonderland of music, G. H. S. enjoyed another successful season. Choral work received the greater emphasis, but instrumental work came into the picture too.

Last spring the Franklin County Music Festival was held in Waynesboro on March 17th. Sixteen students represented G. H. S. from the Sophomore and Advanced Glee Clubs.

The first week in May, the Glee Clubs and Schools of Antrim Township held their 3rd annual Spring Music Festival at Greencastle High School. This was one of the most memorable high lights of the year.

The High School orchestra which was organized last year has made great progress. The orchestra also added a circus flavor to our Indoor Circus in May.

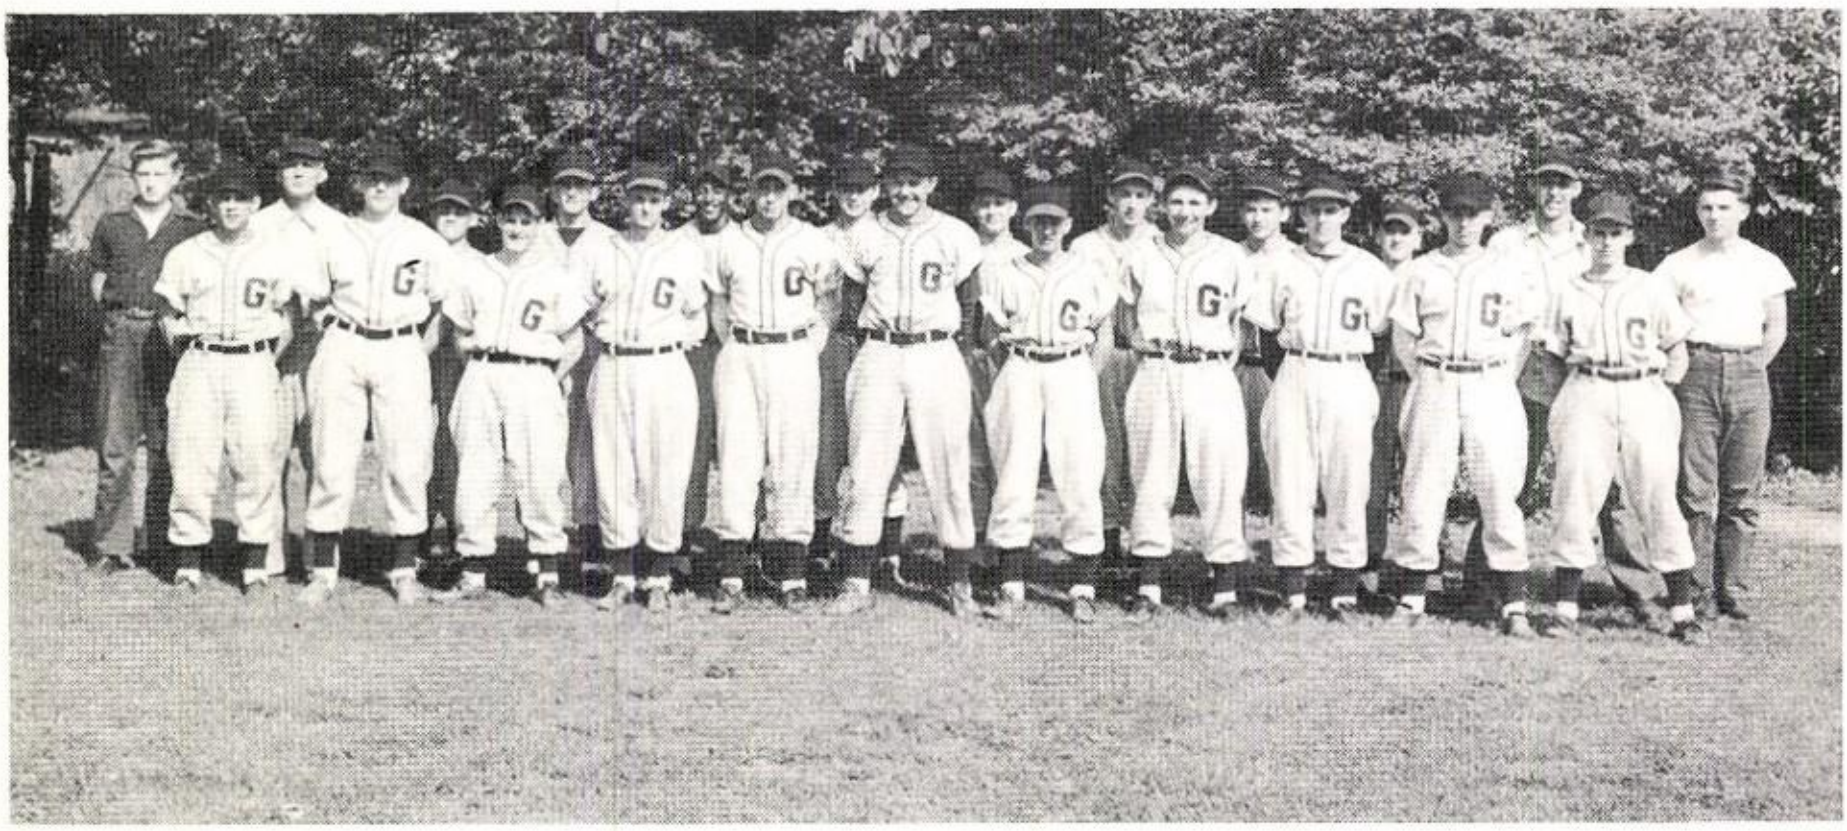
"OFF WITH THEIR HEADS"

In the topsy-turvy world of sports, many times the coach wishes he had the power to shout, as the Red Queen did, "Off with their heads."

However our teams have proved that they can always come through when the chips are down and have brought honor and glory to their alma mater.

BASEBALL '51



The G. H. S. nine got off to a poor start by losing two heartbreakers to Washington Twp. and Dry Run. Continued practice got us into fine shape and we went on to become co-champions with Scotland. Our record was 10 wins and 3 defeats. We were disappointed because of the fact that co-champions were declared. The Blue Devils handed Scotland 2 defeats in as many tries.

Stalwart of the pitching staff was Bob Walck with a 10-1 won-lost record, including a no-hitter against Washington Twp. Six lettermen, Bob Mayhugh, Wally McDonald, Frank Stockslager, Esh Gearhart, Dean Stenger and Fred Ferry, will be lost to the team in 1952. Their presence will be greatly missed.

SOCCER

About thirty boys answered Coach Kaley's call one golden afternoon this fall. The team had the material, but the luck of the cards caused many injuries and thus was responsible for the team losing many games by very close scores. The goal posts seemed to be as elusive as the wickets in Alice's croquette game.

The boys that will be lost by the team this year are: Mick Biser, Robert Walck, Eddie Smith, Maynard Keckler, Richard Brumbaugh, Dale Gamby, Sonny Kendall, and Harold Winger Mgr.

The G. H. S. Blue Devils began practice in December. The hard work brought them championship for the first half of the league season.

All the games in which our boys participated were hard fought games. There was seldom a great margin of victory between the two teams, and most of the games were won in the last few minutes of the game.

Of course, the greatest victory of the season was undoubtedly the one over Scotland. As the final horn sounded, the score was tie. In the three extra minutes provided, our gang got busy and brought us success.

Unfortunately before the return game with Scotland on their floor, the grippe struck our team and we were forced to take a team up there that was in poor condition. The players put up a valiant struggle, but we were defeated.

We are now sure of going into the playoffs for the county conference championship. Judging from previous performances, we are sure our team will come through flying colors.

GIRLS' SPORTS

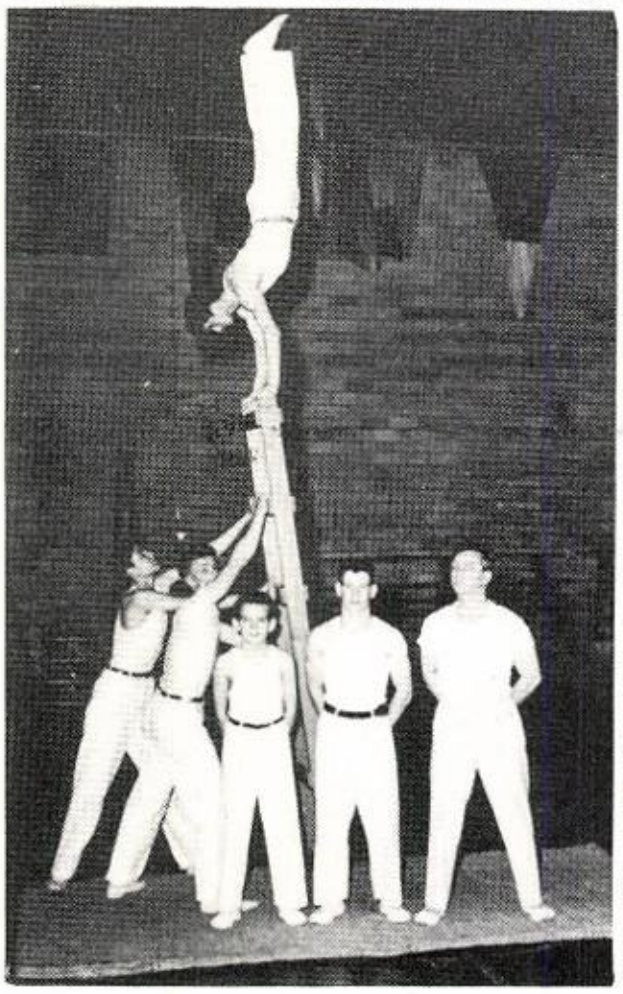
Thirty five girls reported this year for hockey. Although they fought hard under the coaching of Mrs. Gingrich, they lost their games with Penn Hall and Scotland.

The girls' basketball team has proved to be an improved team this year. Good coaching by Mrs. Humbert, teamwork, and hard playing have brought them several victories. Then we gained a victory over James Buchannan on their floor. This game had each and every student up on his feet most of the game. We won this game 26 to 27.

These are the games we considered most outstanding. We have played other games throughout the year. Some we lost and others we won.

"Congratulations girls; you really have the spirit, so let's keep up the good work."

"CAN YOU STAND ON YOUR HEAD?"



By order of his majesty, the King of Hearts, record breaking crowds attended all performances of the Fifth Annual Indoor Circus presented by the G. H. S. Gym Team. Living up to predictions the show last year was bigger than ever before. Gym team members under the competent direction of Coach Fred C. Kaley performed under the big top with such skill and daring that the audience many times was held breathless.

(Continued from P. 10)

One will never forget the days before Christmas vacation when we roamed the halls because there were no classes, due to the snow. At our Christmas party, which was held in the gym, everyone had loads of fun and we still had the Christmas spirit even though it was a week late.

On December 14, Miss Phillippy took the P.O.D. classes to the First National Bank. As a result of this trip we have a clearer understanding of banking. On February 5, we went to court. We heard a very interesting case, and were shown through the courthouse and the jail; surprising as it seems, we were all permitted to come back home.

As our days come to an end at G.H.S. we are looking forward to our least assembly program, our Washington trip and our Commencement exercises.

As we glance into the looking glass of the future, we see many bright hopes for a better world in which to live, and no matter how far from home we roam, our thoughts will always reflect back to the happy days we spent together in good old G.H.S.

SENIOR CLASS PROPHECY

(Continued from p. 27)

Greencastle will be having a sewer system soon, thanks to the funds appropriated by Harold Winger, Esq., and Ronald Hartman, the millionaire dairy tycoon. Sonny Kendall, the famous barber, clipped in a little.

Coming up the street toward me was Esther Grove with her best thoroughbred cocker spaniel. I talked with her for a long time. I found out from her that Tubby Stine became a WAVE drillmaster, and that Mary Jane Bear had become a beautician.

I attended a meeting of the town council of which Ronald Goetz was president. His fellow colleagues were Bob Orris, Bill Spangler, and Robert Swisher. They just appointed Dick Baumbaugh "Chief Woman Catcher."

Now it is time to step from the wonderland of the future back into the trivial everyday life of the present. We hope you have enjoyed the journey.
